(2) (a) The rates for structures must be applied on a fair and equal basis to all classes of structures benefited by the fire service area. The fee charged to owners of structures is intended to be primarily used for structural fire prevention and suppression.

(b) The rates for undeveloped land must be applied on a fair and equal basis to all classes of undeveloped land benefited by the fire service area. ~~Undeveloped land does not include land located under structures subject to a fee under subsection (3)(a). (4) The board of county commissioners or the trustees, if the fire service area is governed by trustees under 7-33-2403, may pledge the income of the fire service area to secure financing necessary to procure equipment and buildings to house the equipment. (5) If a fire service area is reduced or eliminated by annexation of all or a portion of the fire service area into a municipality, then the county commissioners or trustees of the fire service area shall notify the annexing municipality in order to prevent the property owners of the area to be annexed from assuming financial responsibility to both the municipality and the fire service area."
